

BEACHES OF JERVIS BAY **Peter and Manuela Henry** **Hyams Publishing**

THIS second edition of the guide that first came out a couple of years ago adds Kiama, taking the directory from Jones Beach down to North Durras. There's not a beach missed out as the guide wanders down the coast out past Currarong to the Beecroft headland and then round Point Perpendicular into the Bay.

Each has a detailed description, instructions on how to get there and beautiful photos. While I would have liked some of my favourite spots kept a secret, at least now I know about plenty of other beautiful places to visit.
